

**CITY OF DELTONA  
PETITION FOR CREATION OF A STREETLIGHTING DISTRICT**

**Please note:** *There is an annual cost involved in the creation of a Streetlighting District. Property owners, within an approved Streetlighting District, pay an annual special service charge, via their property tax bills, for the streetlights in their area. The average annual charge is \$25.00 to \$100.00 per year per lot dependent upon the number and type of streetlights selected by the property owners within the Streetlighting District.*

**We, the undersigned do hereby request that the City of Deltona consider the creation of a Streetlighting District within our neighborhood. We understand that there is an annual cost involved for the streetlights.**
