City of Deltona Schedules Official Groundbreaking for Howland Crossings

May 29th, 2009—The City of Deltona will stage the official groundbreaking ceremony for Howland Crossings, the future location for Deltona Fire Department Station #65, on Friday June 12th. This event marks the private/public partnership with the Cavallaro Group in developing this site, and is scheduled to commence at 9:00am at 2983 Howland Boulevard. Construction on the fire station is slated to begin in the Fall of 2009. Howland Crossings will provide 60,000 square feet of commercial retail space and house the City's planned Public Safety Complex.

Due to limited parking and access to the site, the Groundbreaking Ceremony is open to City, County and State dignitaries and officials who have received invitations from the City of Deltona, as well as the local news media. The event will be videotaped for broadcast on the City's TV station, DTV/Ch. 199.
